UNITED STATES DEPARTMENT OF AGRICULTURE
EXTENSION SERVICE
WASHINGTON, D. C.

July 11, 1939.

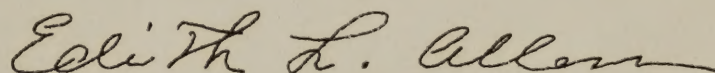

Dear Clothing Specialists:

From your reports I have gleaned that you would like to have references to illustrative material being used in extension clothing work. I have, therefore, compiled a list of the illustrated circulars and bulletins, and of the other illustrative material which accompanied your 1938 annual reports. The drawings and pictures may be mutually helpful.

The addresses of some of the commercial firms that the reports showed had lent illustrative material, such as charts, to several of you have also been included in the list.

I hope that this will help you with ideas for future work.

Very truly yours,

Edith L. Allen,
Junior Scientist.

The enclosed of one of the enclosed files of the records of the Department of Agriculture, which you have requested, has been forwarded to you. It is hoped that this will be of some assistance to you.

I hope that this will help you in your work.

Sincerely,
